

Nihal P Haris

Design Architect

Riyadh, KSA | [+966 535573823](tel:+966535573823) | nihal.p.haris@gmail.com | www.linkedin.com/in/nihal-p-haris

PROFESSIONAL SUMMARY

SCE-registered architect with 7+ years of experience across residential, commercial and infrastructure projects in Saudi Arabia and India. Specialises in spatial planning, concept development and architectural visualisation using Revit, SketchUp and D5 Render. Experience spans initial briefs, design development, construction documentation and multidisciplinary coordination through handover, with current villa and tower design work at a Riyadh practice.

WORK EXPERIENCE

Axio Architects, Riyadh, Saudi Arabia

Residential villa and tower design.

Architect

12/2024 – Present

- Develop architectural designs and spatial layouts for high-end residential villas and multi-storey residential towers.
- Translate internal project briefs into architectural models using Revit and SketchUp, and produce D5 Render visualisations and Photoshop presentations.
- Coordinate with drafting and engineering teams to maintain design intent as proposals are developed.
- Create company and project presentation materials, including a coffee-table book, architectural sketches, illustrations and photography of completed buildings.

Temple of Thoughts & Eallisto Projects, Kerala, India

Design leadership and project delivery.

Chief Architect

04/2021 – 11/2024

- Led the design and delivery of 15+ projects from concept through handover, coordinating design reviews and managing design changes. Managed design responsibilities from client briefs and spatial layouts to cost planning, services coordination and design support during project delivery.
- Produced good-for-construction (GFC) drawings and worked on furniture, fixtures and equipment (FF&E) and bill of quantities (BOQ) finalisation.
- Prepared architectural specifications, conducted technical design reviews and guided CAD designers and drafters in coordinating construction documentation across disciplines.
- Integrated renewable energy systems into project designs.

Nazer Associates Architects, Kerala, India

Architectural design and construction coordination.

Project Architect

03/2019 – 04/2021

- Developed design strategies for multi-use projects and worked with construction teams on budgets, schedules and design compliance.
- Created detailed SketchUp models and architectural visualisations to communicate proposals and support client design reviews.
- Reviewed 20+ construction documents and introduced a standardised checklist covering local regulations and design specifications.

BCA Architects, Kerala, India
Drafting, 3D modelling and project support.

Architectural Intern

06/2017 – 04/2018

- Assisted with drafting, design revisions, 3D modelling, presentations and project coordination for 10+ residential and commercial projects.

EDUCATION

University of Calicut, MES School of Architecture, Kerala, India
Bachelor of Architecture

03/2014– 07/2019

SKILLS

- **Architectural design** - Concept development, spatial planning, site analysis, master planning, landscape design and material specification.
- **Modelling and visualisation** - Revit, SketchUp, AutoCAD, D5 Render, Enscape and Lumion.
- **Technical delivery** - Construction documentation, technical drafting, services coordination, GFC drawings, FF&E and BOQ finalisation.
- **Presentation tools** - Adobe Photoshop, Illustrator, InDesign and Lightroom; Procreate; Microsoft Office.
- **Digital workflows** - AI-assisted 3D modelling and architectural visualisation; custom SketchUp tool creation.

LICENSE AND CERTIFICATION

- Licensed Architect, registered with the **Council of Architecture, India**. – Reg. No: CA/2022/147647
- Registered Architect, **Saudi Council of Engineers (SCE)** – Membership ID: 1275695

PERSONAL DETAILS

- **Work Authorization** – Transferable Iqama
